"Thank you so much... These events are superbly organised and I'm so grateful to get the invitations. Here at Highwood, we're looking to write our own computing curriculum...and the last talk I went to that you organised had some really, really incredibly minded individuals that blew me away!"

Serraphina Robinson, Principal, Highwood Copse Primary School.

**The ICT for Education Conference programme is coming to
Sandy Park, Exeter, on Friday 20th March 2026.**

We are very pleased to invite you and any interested colleagues to this event. There is **NO CHARGE TO ATTEND**. Delegate places are available on a first-come, first-served basis, so please register above or below to secure your place(s). Aimed at those tasked with delivering the Computing curriculum in the classroom and at those responsible for ensuring an effective technology framework in schools, ICT for Education events are designed to inform and inspire the teaching of Computing and to encourage best practice in the use of ICT across the curriculum and throughout the school.

Confirmed Speakers Include;

- [Prof. Miles Berry](#) - Professor of Computing Education, University of Roehampton
- [Jordan Smithson](#) - Trust IT Services Manager for the Keys Academies Trust
- [Allen Tsui](#) - Computer Science and Computing Subject Lead, Willow Brook Primary School Academy, London
- [Tig Williams](#) - CAS Master Teacher, Curriculum Specialist Trainer and University Lecturer
- [Sam P](#) - Cyber Protect, Prepare and Prevent Officer with the South West Regional Cyber Crime Unit (SWRCCU)

Come and hear sessions on:

- An update on AI in education, including analysis of The Curriculum & Assessment Review
- 1:1 learning & digital technology/ the transformative power of EdTech for SEND pupils
- The Digital Dilemma: The importance of media literacy
- Designing a computing curriculum, incorporating AI & the importance of digital literacy
- Cybersecurity for schools

Soak up a wealth of new information to take back to school to use straightaway in your teaching. Meet and spend quality time with other teachers to learn and share ideas. Meet leading suppliers of technology for schools and see their products put to the test.

"The ICT for Education event is one of the highlights of the school year. It is a fantastic opportunity for new ideas, teaching strategies and IT concepts to be presented, discussed and shared. In short, this is a fabulous opportunity for networking and the sharing of tools that can enhance and compliment teaching across a wide range of subjects. Thank you."

Russell Gaines, Director of Vocational Studies, James Calvert Spence College.
